

First anniversary

One year ago NetworkWilliamsburg began as an interactive web-based nonprofit organization with a mission of increasing resources available to area nonprofits and encouraging community involvement. We started out with 12 registered nonprofits. Today, we have 44 nonprofits registered with us and we are averaging 400 visitors to the site a month. We have successfully matched nonprofits up with volunteers, items needed for programs, and services provided by area businesses, either in kind or significantly discounted.

LETTERS

Our recent initiative, the Nonprofit Business Education Series, has proven to be a valuable tool for nonprofit staff and board members to increase their effectiveness as an organization and maximize their impact on the community. To date, more than 50 participants representing 25 area nonprofits have attended these workshops.

Thanks to everyone who has supported our efforts and for enabling nonprofits to continue the valuable work they do. Special thanks to our partners: Sandler Training, Williamsburg Estate Planning, Virginia Company Bank, John Dutro Long & Foster Realtors, SunTrust, Schmidt's Flowers, Morningside Assisted Living, Dynamo Electric, and G5 Promotions. Most of all, thanks to all nonprofit leaders, staff, and board members for everything you do to meet the needs in our community.

Karen Dutro, Executive Director
NetworkWilliamsburg
